Only Sensa Agents Deliver Lifesaving Auto Coverage

Partner with Sensa today. Your customers will thank you.

Meet Sensa – Your New Car Insurance Partner

Sensa's innovative technology launched in 2018 distributing its "whitelabel" product and services through insurance carriers across Europe (Allianz, Achmea). With over 35,000 satisfied policyholders, the company is now deploying its own policies in the U.S., enjoying a significant competitive advantage as **the only car insurance offering 24/7 extra premium lifesaving services with every policy – at no extra cost!**

- A- Rated by AM Best
- A Standard & Preferred Auto Carrier
- 12 & 6 months policies
- Competitive rates
- Up to 20 potential discounts available
- Launching in IL, TX, OH, IN with additional states coming soon!

The Sensa Sensor – Sensa's "Secret Sauce"

All Sensa policyholders receive our sensor free of charge. The small windshield tag is the reason why your customers can expect so much more from Sensa. In case of a collision, the sensor automatically recognizes the accident and activates premium lifesaving emergency services 24/7.

- Privacy guaranteed! No tracking of driver's driving habits and no ongoing data collection at all
- Automated accident detection
- Precise analysis of damages and injuries
- Stick & go installation in seconds
- Solar powered battery for long-lasting safety
- No app or dongle required. No telematics hassle

Doing More for You!

Sensa's personalized support goes beyond policyholders to include all agents and partners.

- 👍 Simple & innovative claim process with pre-filled information directly at the time of loss
- 🔄 Dedicated representative – single expert touchpoint for each claim
- 💰 Competitive commissions
